ELECTION RETURNS.

[BY TELEGRAPH.]

Minnesota.

ST. PAUL, Minn., Nov. 9.—The vote throughout the State, except in Ramsey county, generally shows Republican gains. Only about about 20 of 72 counties have yet made complete returns.

Florida.

LAKE CITY, Fla., Nov. 9.—Alachua, Baker, Bradford, Clay, Columbia, Duval, Hamilton, Madison, Monroe, Nassau, Pulton, Swayne, Levy and Marion counties report an aggregate Dem. majority of 373. We partially estimate the majority in Manatee, Hillsborough, Howards, Polk and Sumpter at 2,500. We estimate the Democratic majority in counties west of Apalachicola at 2,000. We estimate the Democratic counties at the majority of 1874. This secures a Democratic majority.

Excitement in New York.

NEW YORK, Nov. 9.—There was great excitement around Union Square to-night, and crowds besieged the Democratic headquarters. The Everett Democratic club marched down and cheered before Gov. Tilden's house at Gramercy Park, but the Governor was in bed and left word that he was fatigued and proposed to take a few days rest.

Excitement in Washington.

WASHINGTON, Nov. 9.—The city is to-night in a fever of excitement, which has been continually growing in intensity since the receipt of dispatches throwing some doubt upon the result of the Presidential election. Previous to that time the success of Tilden and Hendricks being almost universally conceded, private manifestations of disappointment, gloomy dejection and alarm were very prevalent among the thousands of government employes in the executive departments, but afternoon reports inspired fresh hope among them, and in the minds of Washington Republicans generally, and have had the effect of crowding the streets in the vicinity of all the news centers. Throughout the evening, until nearly midnight, members of both parties gave free expressions as to the doubt of the result, while patiently, though with intense anxiety, awaiting further returns.

South Carolina.

AUGUSTA, Nov. 9.—South Carolina is still in doubt. Both parties claim the State. The indications are that the Hayes electoral ticket is elected.

CHARLESTON, S. C., Nov. 9.—The *News and Courier's* latest estimate gives the State to Hampton and Tilden by about 3,000 majority. This allows 6,000 Republican majority in Charleston county. The Democrats carry the State, unless the Republican majority in Charleston county approximates 10,000.

CHARLESTON, Nov. 9—2 P. M.—The latest returns indicate that the Democrats have carried the State by 2,000.

Kansas.

TOPEKA, Nov. 9.—Returns are sufficient to show that Hayes carries the State by over 30,000 majority.

Louisiana.

NEW ORLEANS, Nov. 9.—Following official and unofficial returns of parishes have been received: Iberia—Republican, 1,453; Democratic, 1,246; Republican gain, 577. Colcason—Democratic, 1,241; Republican, 950; net Republican gain, 25. West Feliciana—Democratic by 250 to 300 majority; Democratic gain, 119. Jackson—Democratic, 1,040; Republican, 331; Democratic gain, 265.

Note—Comparisons are made with 1874 returns of Democratic conservative committee, as published in the *World*. Election peaceable and quiet. No disturbance reported.

NEW ORLEANS, Nov. 9.—In eleven parishes partial official returns and estimates, show net Democratic gains of 7,127 over the Democratic conservative committee's return of 1874, which elected Moncure treasurer by 2,939. The above indicates the Democrats have carried the State by 15,000 to 20,000, and it is claimed by the Democratic committee that the Democratic majority in the city will probably reach 11,000. The Republicans claim the State by from 10,000 to 15,000.

General Estimate.

NEW YORK, Nov. 9.—The *World* publishes the following estimate of the electoral vote for Tilden: Alabama, 10; Arkansas, 6; Connecticut, 6; Delaware, 3; Florida, 4; Georgia, 11; Indiana, 15; Kentucky, 12; Maryland, 8; Mississippi, 8; Missouri, 15; New Jersey, 9; New York, 35; North Carolina, 10; Tennessee, 18; Texas, 8; Virginia, 11; West Virginia, 5. Total, 188.

Opinion of the Tribune, Times and Herald.

The *Tribune* believes that everything hangs on Florida, and that the Republicans have carried that State, and that the college stands: Hayes, 185; Tilden, 184.

The *Tribune's* Washington special says the Republicans have probably carried North Carolina.

The *Times* declares Hayes is elected, giving him 185 votes.

The *Herald* considers that Florida will decide the election, and considers it a doubtful State.

NEW YORK, Nov. 9.—The *Herald* head lines as follows, may be given as an epitome of the *Herald's* opinions: "Neck and neck! Exciting closeness of the Presidential struggle! Who is it? The continental conundrum from Maine to Oregon! Hayes and Wheeler running to the front! Tilden 184! Hayes 181! Doubtful 4! Florida the last mile post! the dance of phantom majority! South Carolina's title to Republican respect! The Congressional majority! unparalleled excitement in New York!

The Chicago Tribune's Opinion.

CHICAGO, Nov. 9.—The *Tribune*, after reviewing the changes and prospect of the last 24 hours, declares the doubtful States, California, Oregon, Nevada, Florida, Louisiana, South Carolina and Wisconsin, a total electoral vote of 41, has gone, or is likely to go, Republican, and elect Hayes by one majority. This evening it says dispatches were received indicating that Wisconsin had been carried for Hayes by about three thousand majority. On the heels of that came intelligence that the Republicans had triumphed in Florida, making sure of her four electoral votes for Hayes; that there was nearly equal assurance of victory in Louisiana; that the prospects in South Carolina was still better; that the three Pacific States had gone for Hayes. Up to this writing, we have received no news to the contrary: nothing to dash the hopes that during the afternoon and evening hours grew stronger, until now, with the encouraging reports received, they appear strong enough to tie to, and to claim bets upon. Up to the hour, reports are such that no man who has staked on Hayes would be justified in giving up the wager. All things now look like victory, but a victory that has its perils. It will depend upon the life of a single Hayes' elector. The men who didn't scruple at rebellion, and who have not scrupled at white line massacres, may not hesitate at assassination to compass the seizure of the government; but if they do not know it, we can tell them that the people would never submit to usurpation by assassination.

NEW YORK, Nov. 9.—The newspaper offices are still surrounded by anxious, cheering crowds of people, waiting for the latest returns from Florida, North Carolina, and Louisiana, which will decide the contest.

Tilden's majority is variously estimated in New York State, but the best figures put it at 33,000.

Congress Redeemed.

The *Times* says all Congressional districts have not been heard from definitely, but advices received destroy the Democratic majority in the present House. Indications now are that the Republicans have elected 145 members and the Democrats 145. In the present Congress the Republicans have but 101 members to 183 Democrats. There is therefore a Republican net gain of 73. All representatives have now been chosen except in New Hampshire, which is now represented by one Republican and two Democrats, and will elect in March, 1877.

California.

SAN FRANCISCO, Nov. 9.—No further dispatches from the interior affecting the general result. From present advices it seem probable the Republicans elect all four Congressmen. Page's election is assured in the 2d district. McKenna, in the 3d, is over 2,000 ahead, as far as heard from, and Pacheco's chances are considered good. Davis is undoubtedly elected in this city.

The count of the electoral vote in this city, complete, gives Hayes 793 majority, with Davis away ahead of the ticket, though the Congressional count is not yet complete.

The papers this morning and the generally expressed sentiment of the people conceded Tilden's election, but recent news from the East giving Louisiana, South Carolina and Wisconsin to the Republicans, and claiming the election of Hayes by one majority, has thrown everything into doubt again, and Republicans are somewhat disposed to throw up their hats. Immense crowds block Montgomery street from California to Washington, and bulletin boards are besieged.

SACRAMENTO, Nov. 7.—Complete returns from nearly all precincts in this county indicate that Hayes carries the county by 1,200 majority. Page's majority will reach 1,400.

Wisconsin.

MILWAUKEE, Nov. 9.—The Congressmen elect from this State are as follows: Williams, Rep; Caswell, Rep; Hazleton, Rep; Hyde, Dem.; Bragg, Dem.; Brock, Dem.; Humphrey, Rep.; Pound, Rep. The majority for Hayes is from 3,000 to 5,000.

Iowa.

DES MOINES, Nov. 9.—Thirty counties heard from in this State gives Hayes 21,940 majority; gain over last year of 9,722. These counties cast about 35 per cent. of the vote of the State. Similar gains in remainder of the State will make Hayes' majority from 53,000 to 60,000. She sends to the next House an unbroken front of nine Republican Congressmen. Republicans here are greatly encouraged over the possible election of Hayes, and are marching in procession singing patriotic songs; are just now serenading Democrats assembled at the court house by singing John Brown's body, etc.

Delaware.

WILMINGTON, Nov. 9.—The Democratic majority in this State will reach 2,000.

The Situation in the East.

NEW YORK, Nov. 9.—Morrissey's claim of 188 for Tilden includes both North Carolina and Florida. There is more reason at this hour to expect the Republicans have carried North Carolina than to doubt that they have Florida. In 1872 it took four or five days to count North Carolina.

NEW YORK, Nov. 9—3 P. M.—The *Herald* bulletins the report that the Democrats lose North Carolina.

The *Tribune* accepts Gov. Stearns dispatch as conclusive about the above. The Charleston dispatch comes from the editor of the Charleston *News*.

Wyoming Territory.

CHEYENNE, Nov. 9.—Latest returns give Corlett, Democratic delegate, 1,000 majority.

The London Press Comments on the Election.

LONDON, Nov. 8.—The *Daily News* this morning, discussing the Presidential election in the United States, says the result cannot surprise any attentive observer of American politics. It cannot cause a reversal of the legislation of the years immediately succeeding the war. It is a change rather of men than measures. The *News* says it is no injury to American credit and regards the payment of the national debt in specie as safe, whichever party may be in power. It bases its generally favorable anticipations, in a great measure, on the personal antecedents and moderation of Tilden who is likely to exercise a restraining influence upon the extreme sections of the party. It does not as yet, see any indication that the election affects the question of protective legislation. The *News* also regards Tilden's antecedents as furnishing a good guarantee of the honesty and moderation of his administration, and security against inflationism.

The *Standard* congratulates the Americans on the law-abiding spirit displayed throughout the country, and says the result of the election is scarcely greater cause of congratulation, than the fact that so close a contest for such a great station should have passed without violence and bloodshed, when riots in a few places might have turned the scale.

THE VERY LATEST.

Democrats Give it Up.

SAN FRANCISCO, Nov. 9.—J. W. Simonton telegraphs from New York:

Morrissey's pools selling: Hayes, 100; Tilden, 50. I heard Jack Rogers, a noted New Jersey Democrat and member of Congress, say late this afternoon that Florida was lost and Hayes elected, though he claimed Tilden had a popular majority. Evidences accumulate that knowing Democrats give up the fight.

Florida—The Very Latest.

NEW YORK, Nov. 9—3 P. M.—The Manhattan Democratic Club posts a bulletin conceding 1,800 Republican majority in Florida.

Ku-Kluxing Trains in Florida.

Official advices received state that Democrats are Ku-Kluxing trains in Florida to destroy returns from districts. It is feared that serious fighting has already commenced.

Gov. Stearns, of Florida, telegraphs that he will need assistance to protect the returns which establish Hayes' success in that State

Louisiana.

SAN FRANCISCO, Nov. 9.—Simonton, manager of the New York associated press, just telegraphs from New York as follows: "Kellogg telegraphs to the National Committee to night and declares Republican gains greater than expected, and Louisiana sure for Hayes.

Arkansas.

LITTLE ROCK, Nov. 9.—Tilden's State majority, 30,000. The vote is much smaller than in October. In the 3d district Stuart is defeated, and either McClure or Craven, Republicans, elected.

Connecticut.

HARTFORD, Nov. 9.—The Republican majority in the Connecticut legislature is 37 on joint ballot. The Senate stands, 11 Republicans to 10 Democrats, and the House, 141 Republicans to 105 Democrats. The Congressional delegation remain as in the present Congress.

Louisiana.

NEW ORLEANS, Nov. 9—8:30 P. M.—Chairman Patten, of the New Orleans Democratic Committee, says returns to-night in 20 parishes show Tilden 15,235 ahead. This is a gain of 9,476 on the vote of 1874. He asserts that Louisiana will give Tilden 10,000 majority.

NEW YORK, Nov. 9.—Gov. Kellogg telegraphs to the National Committee to night that Burwell, Republican, is elected to Congress from New Orleans, and that Louisiana is sure for Hayes.

CHICAGO, Nov. 9.—The *Tribune's* Washington special says: 10 P. M.—A dispatch just received here from New Orleans from an editor of the New York *Times*, which says the election in that State is so close that the official count will be necessary to determine the result, and in any event there is a possibility of serious disturbances. New Orleans goes Democratic by 9,000 majority.

Liverpool Thinks well of Tilden.

LIVERPOOL, Nov. 9.—The *Post* of this city says the announcement of Tilden's election is well received in commercial circles.

Alabama.

MONTGOMERY, Nov. 9.—Enough returns have been received to show at least 35,000 majority for Tilden, and an unbroken delegation of Democrats to Congress. Shelley, Dem., in the fourth district, has a handsome majority. Rapier, colored, and Haralson, colored, divide the Republican vote between them. This makes a gain of two Democratic Congressmen.

Pennsylvania.

SCRANTON, Nov. 9.—Tilden's majority in Luzerne county, 3,000. Republicans gain five members of the legislature from that county and elect seven of the nine members. Jones, Rep., is re-elected to Congress to fill vacancy. Wright, Dem., is elected to the 45th Congress. Republicans elect two State Senators, a gain of one.

PHILADELPHIA, Nov. 9.—Full returns from 43 counties in this State, show Republican gains on the presidential ticket, compared with the vote for Governor last year, of 11,612. Democratic gains in these counties are 7,955. Republican net gains are 3,657.

PHILADELPHIA, Nov. 9.—The election of Stenger (Dem.) to Congress from the 18th district is claimed by a majority of 51.

Florida.

LAKE CITY, Fla., Nov. 9—9:30 P. M.—Key West, Monroe county, gives Tilden 987, Hayes 898. Republican majority, 1. Florida is honestly estimated by Democrats to give 1,720 majority as the lowest possible figure.

MONTICELLO, Fla., Nov. 9, 10.45 P. M.—Partial returns from 22 counties show a net Democratic gain of 800 over the vote of 1874. The 17 remaining counties will, it is claimed by Democratic leaders, show a gain of 2,000. In the first district Davidson, Democrat, is elected by a small majority. Finley, Democrat, is elected from the second district by about 1,200 majority. The Democrats claim the legislature in both branches, as well as the State and electoral ticket.

LAKE CITY, Fla., Nov. 9, 10:30 P. M.—The boat having returns from southern counties, has not been signaled at Palateka.

KEY WEST, Fla., Nov. 9.—All the precincts of Key West give 975 for Tilden and 976 for Hayes. Fort Meyers precinct gives 22 for Tilden and 1 for Hayes. The only precinct not heard from will probably cast its entire vote of about 40 for Tilden, making a probable Democratic majority in the county of 64. In 1874 the vote of the county for Congressman was: Democratic, 669; Republicans, 659.

NEW YORK, Nov. 9.—The following has been received from the National Republican Headquarters at the Fifth avenue Hotel: Governor Stearns, of Florida, telegraphs to-day from Tallahassee as follows: There is no doubt of our majority in this State, if we can secure an honest canvass. The indications are that violence is to be freely resorted to so as to prevent the returns from remote points in the interior. Our special train from Tallahassee last night for Chattahoochee to collect.

CHICAGO, Nov. 9.—The *Inter-Ocean* special says the *Enquirer's* dispatches from Florida state that it is very close. The official count alone can decide the result.

Maine.

AUGUSTA, Nov. 9.—Official returns from 312 towns give Hayes 57,384; Tilden, 43,402.

Virginia.

RICHMOND, Nov. 9.—Election returns from this State confirm last night's dispatch in relation to Tilden's majority, and Congressional delegates, except in the 4th district, which was reported as very probable to elect Jordenson, Rep. Reported returns to-night from all the counties in that district, but three, give Hunter, Dem., over 400 maj. It is believed the counties to hear from cannot change the result. This will make the Virginia delegation solidly Democratic.

North Carolina.

RALEIGH, Nov. 9.—Gen. Kilpatrick arrived in this city last evening from Washington. He is now closeted with T. B. Keogh, chairman of the Republican State committee, and other Republicans, at the Garborough House. Additional returns from the western part of the State continue to show Democratic gains. The counties yet to hear from are Democratic and the majority will certainly reach 12,000 to 15,000. T. B. Keogh, chairman of the Republican State committee, concedes the State by 12,000.

RALEIGH, Nov. 9.—Returns from western counties were ku-kluxed and the train thrown from the track, which was torn up and blockaded in several places.

South Carolina.

CHICAGO, Nov. 9.—South Carolina is still claimed by both parties.

[illegible] Ohio.

CHICAGO, Nov. 9.—Official and unofficial returns have been had from 66 counties in Ohio, 30 Democratic and 26 Republican. Net Democratic gain in these counties is 1,188 over the Republican majority in October. The 32 counties to hear from will reduce the Republican majority to less than 5,000 in Ohio. The Democrats have made a vigorous fight in Ohio the last ten days, and Republicans have been pathetic.

COLUMBUS, Nov. 9.—Fifty seven counties in Ohio give Tilden 28,164, Hayes 22,461; net Democratic gain over Barne's vote in October of 452.

Excitement Still Intense.

COLUMBUS, O., Nov. 9.—Excitement here still intense. All news centers have attracted crowds all day. The Democrats have been enthusiastic all day, and are still jubilant, but the news to-night greatly encourages the Republicans. At midnight enthusiastic crowds of both parties are entirely satisfied that their respective champions have been elected.

The Way it is Done.

CHICAGO, Nov. 9.—The *Tribune's* New York special says Magone, chairman of the New York State Democratic committee, left hurriedly last night, it is said, for the Philadelphia Exposition. It happens to be known he took his way towards Florida. He would have gone by telegraph had Tilden's wishes and money been able to send him. In regard to his trip, the following extract from a private letter is readable: "One of the intimate managers of Mr. Tilden said, in my hearing, yesterday, when it was evident that Florida would decide the election, that the thing to do was to send Mr. Blank down there with blank dollars and require him therewith to secure the State vote at any hazard, under penalties. He would understand. It was the same day that Blank left here for Florida. The thing was spoken of in the most earnest, direct and practical way, and a way which showed the immediate and decisive work. It is believed by prominent politicians here to be part of the Tilden game to keep up the excitement by claiming everything, as they do from Illinois, Wisconsin, Minnesota and Louisiana down, till time is given for the execution of their purpose in Florida and other places. As another item of significance Abram S. Hewett started to-night on a special train for New Orleans, where he will see what mules can accomplish there. The Democrats claim to night Ohio. They will take Iowa early in the morning.

They Claim it All.

NEW YORK, Nov. 9.—Dispatches received at Democratic headquarters claim Florida, Louisiana and South Carolina for the Democracy.

Gov. Tilden Makes a Speech.

NEW YORK, Nov. 9.—To-night Gov. Tilden spoke as follows to a large number of persons who collected in front of his house to congratulate him: "Fellow-citizens—I thank you for the interest you show in the result of the election. You do not expect me to make a speech to-night. Fellow-citizens, I bid you good night."

Twenty-four Negroes Killed.

CHICAGO, Nov. 9.—The *Tribune's* New Orleans dispatch says that a prominent planter of Concordia parish gives information that twenty four negroes were killed at Fayette, near Natchez, Mississippi, on election night. He states that the atrocity was committed utterly without provocation.

The Jackson *Clarion* recently advised that the enthusiasm of young men must not be restrained. The telegraph wires were cut previous to the massacre.

A gentleman just from St. Martinsville, Louisiana says a leading colored man was murdered last Sunday evening at Breaux Bridge for expressing Republican sentiments.

An official dispatch to U. S. Marshal Pitkin from Madison parish, one of the State Republican strongholds accessible by telegraph, where the vote has been counted and a Republican majority of 2,158 obtained, states that since the count the Democrats have seized several of the ballot boxes, which, with their contents, have been destroyed. This plan will probably be followed in Republican strongholds all over the State as soon as McLeavi's advice is known. Abe Hewitt, of New York, and Watterson, of the *Courier-Journal*, are on the way down here. Phil. Sheridan is needed.

What the Chicago Times Says.

CHICAGO, Nov. 9.—The *Times* claims that Hayes will not receive over 3,000 to 5,000 majority in Ohio; that Hampton has got 2,000 majority in South Carolina, but that Hayes has a small majority there; that Illinois is Republican by a bare majority; that the Democrats will carry the State Legislature, and Logan will be displaced as United States Senator by a Democrat; also, that along the line of the Union Pacific Railroad in Nebraska only two Republican State Senators are elected. These claims they base on predictions and assertions of correspondents and on their private dispatches.

Virginia.

RICHMOND, Nov. 9.—A private telegram just received here from L. A. Witt, Democratic candidate for Lieutenant Governor of Louisiana, says Louisiana has gone Democratic by 12,000.

Wisconsin.

MILWAUKEE, Nov. 9.—Republicans will have 18 majority in the Assembly and 11 in the Senate. The majority for Hayes in the State will exceed 5,000.

Minnesota.

ST. PAUL, Nov. 9.—Complete returns from 42 counties and partial returns from the remaining 30 counties, show that Hayes' majority in the State will be about 18,000. Dunnell, Republican, in the 1st district, is elected by 8,500. Strait, Republican, in the 2d district is elected by about 3,000, and Stewart, Republican, in the 3d, by 12,000 to 15,000.

The legislature on joint ballot will be nearly or quite two-thirds Republican.

Charges of Fraud.

SAN FRANCISCO, Nov. 9.—Since the election there has been much talk about frauds in this city, the Democrats claiming that in view of the immense vote polled and the Republican majority, such must necessarily exist. The matter is understood to have been discussed by Governor Irwin, Mayor Bryant and others; and as a result the board of supervisors met this afternoon and instructed the finance committee to investigate the conduct of officials, and everything pertaining to the election. In accordance with this the finance committee presented County Clerk Reynolds, who has in his keeping the ballots, certificates, affidavits, etc., with a notice to turn those articles over to the sheriff. This raised a tremendous breeze, Republicans openly alleging that the obvious purpose was to obtain possession of all those papers and then find means to materially modify the result of the election in the city. There was a vast amount of rushing around for an hour or so, as a result of which a meeting took place in the Mayor's office. The custodian, Mr. Wise, admitted that the action of the committee in demanding the documents was contrary to the law in the case, and after considerable discussion it was decided that all those papers should be deposited in the club's vault, under seal, with a trusted deputy in his office, and the U. S. deputy marshal to look after them, where they should remain untouched until Monday, when the vote should be canvassed, after which the finance committee, which consists of two Democrats and one Republican, should examine into the question of frauds in the public session, it being agreed that nothing should be done except when all three members were present and every safeguard observed against any tampering with the documents. The affair at first created prodigious excitement at the Republican headquarters, where it was alleged to be a trick to deprive the party of the results of the election; and it was freely asserted that if the proposed action in removing the documents from the custody of the county clerk, who is himself a Democrat, was carried out, every one interested in such action would be at once arrested on a charge of felony.

Hurrah for Hayes!

SAN FRANCISCO, Nov. 9.—The *Chronicle* has a dispatch saying that the New York *Tribune's* special reports that the back counties of North Carolina are coming in with very large Republican majorities, and the State is assured for Hayes; also, that the *Tribune* claims Hayes' election by 195 votes, Florida being safe for him.

The Democratic Argument.

Some of the Democrats attempted to carry out the Mississippi plan here. They were so certain of success that they ventured to reintroduce into the national capital the *ante bellum* practice. A colored Hayes and Wheeler Club, while marching past a Tilden and Hendricks Reform Club, was assaulted by Tildenites, who fired several shots, and the negroes fled. A few arrests were made. A little later a colored man passed, cheering for Hayes and Wheeler, which so excited the ire of the crowd that an attempt was made to mob him, when officers took him in custody and were scarcely able to get to the station-house with him. Still later a colored Republican, while cheering for Hayes and Wheeler, was struck with a brick and knocked senseless.

Tilden Concedes.

CHICAGO, Nov. 9.—An *Inter-Ocean* special from Eli Perkins, New York, says he saw Tilden this afternoon, who virtually concedes his defeat. He charges fraud in Florida and Louisiana. Of course he will. Augustus Schell admitted the defeat this afternoon. Mr. Sullivan also says the dispatches from rebel telegraph operators in Florida and South Carolina led Northern Democrats astray. Hayes' pools way up; Tilden's down.

The Herald's Louisiana Report.

NEW YORK, Nov. 9.—The *Herald's* Louisiana special says the State has gone Democratic by 7,000.

Various Encouraging Reports.

CHICAGO, Nov. 9.—The *Tribune's* Washington special says: Keogh, of the Republican committee, telegraphs that North Carolina has gone Republican by a small majority. Morrill has received similar telegrams.

Worthington, collector at Charleston, telegraphs that South Carolina goes 700 Republican.

Two private North Carolina telegrams claim that the State is Republican.

The Last Capture.

CHICAGO, Nov. 9.—The *Inter-Ocean's* correspondent at Columbus says the Democrats now claim Ohio has gone Democratic by a small majority, basing their claims on gains for Tilden in counties heard from.

Not Below that, Thank Fortune.

A Springfield dispatch says the Republican majority will not exceed 7,000 and may fall to 5,000, but not below that.

Intense Excitement.

CHICAGO, Oct. 9.—An *Inter-Ocean* Washington dispatch describes a scene of most wonderful excitement. For 48 hours no business has been done, but shouts have filled the air, and the police have with difficulty prevented riots. The Democrats are greatly exasperated and discouraged. As favorable news for Hayes comes in, they are beginning to cry "frauds," and accuse federal officials of Louisiana of suppressing returns. It is a significant fact, telegraphed here from New York to-day, that Magone, chairman of the New York State committee, had left the city yesterday morning, and is supposed to have gone through Washington on his way South, on Wednesday night. At least persons who claim to know him state that he was seen on the cars between Baltimore and Washington. He may have gone to Florida to carry that State by buying alligators, as Barnum carried Indiana by buying mules. Secretary Chandler telegraphs very cheerfully, and believes Hayes is elected, and the opinion in New York is that Hayes may yet carry North Carolina. It will be remembered that in 1872 it was first claimed for Greeley by a large majority, and then gave an equally large Grant majority.

Make Weights.

CHICAGO, Nov. 9.—The *Tribune's* Washington special says: The only place in town to-night where there has been enthusiasm is about the headquarters of the Republican Congressional committee. Throughout the evening news of a most encouraging character has been received from Louisiana and South Carolina and Florida. The large crowds present were kept in excellent spirits. At the Democratic rallying places there has been increasing despondency. No reassuring dispatches reached them at 10 o'clock. The crowd was very small and quiet. The most depressing news for them were the various dispatches which the Republicans received claiming North Carolina. Republicans here, who are fully acquainted with the various counties of that State say the figures printed this morning have an exceedingly favorable aspect for the Republicans. The night closes where last did, except the Republicans are claiming 185 votes for Hayes with more confidence, and the Democrats have received nothing which enables them to dispute it.

The *Tribune's* Washington special says a well known Democrat telegraphs from New Orleans here to-night that there is a fine chance for a row there, as the Republicans claim the State and say they mean to keep it.

The Times Claims Victory.

NEW YORK, Nov. 10.—The *Times* says: Though official returns which would place the matter beyond controversy have not been received, there is no doubt that Hayes has been elected President. All our special reports received during the past 24 hours from disputed States in the South render it certain that they have gone Republican. When the official count is completed, it will be seen exactly how large the majorities are, but at present they can only be estimated. Our latest dispatches give the Republicans a majority of 2,000 in Florida, a Republican majority of 5,000 in Louisiana at least, a Republican majority of 6,000 in South Carolina. Wisconsin had been persistently claimed by the Democrats, but they have conceded the State now, and it stands unchallenged in the Republican column. Dispatches also confirm previous reports of 1,000 to 1,500 Republican majority in Oregon, and 1,000 Republican majority in Nevada. Twenty-one States which the *Times* has steadily held to as being a correct presentation of Gov. Hayes' vote in the electoral college. We again present our later dispatches, and make some changes in our record of the membership of the next Congress. The 4th district of Alabama has elected a Democrat, the 9th district of Illinois has chosen a Republican, and the 10th a Democrat. The 2d and 4th of Louisiana have chosen Republicans, and the 32d of New York a Democrat. Judge Spaulding has been defeated by a [illegible] majority. In the 19th Illinois district, Mr. Wm. B. Anderson, Independent Democrat, is defeated by the regular Democratic candidate. In the 18th district of Pennsylvania, the reelection of Stenger (Dem.) is claimed by the Democrats, and in the 10th district of Virginia the Democrats claim the election of their candidate. Conceding this, the figures stand: Republicans, 143; Democrats, 147; to be elected, 30.

The Tribune Again.

NEW YORK, Nov. 10.—The *Tribune* editorially says: Let it be borne in mind in the intense moments of this waiting for the final result of the Presidential election, that there is one thing of vastly more importance to the people of this country than the choice of either of these two candidates or the [illegible] of either party; and that is, that whoever is declared elected, shall be honestly elected. Neither Tilden nor Hayes can afford to be declared elected or to take the office of President of the United States, unless he has been fairly and legally chosen by honest ballots and an honest count. More than this, no private citizen can afford to have at such a time as this any tampering with ballots or returns. [illegible] of Hayes may apprehend great danger to the country from the election of Tilden, and partisans of Tilden may be equally apprehensive of serious consequences from a Republican success; but the country will not suffer from either result any such lasting [illegible] as would come from the successful consummation of any scheme involving in the [illegible] degree the purity of the ballot, fairness of the election, or genuineness of the returns. Partisans on either side may have overestimated the consequences, and [illegible] the probabilities of evil growing out of their own defeat. It would be very strange if they had not.

Gov. Elliott Interviewed.

A deputation from the Carnarvon Club waited on Premier Elliott yesterday with reference to sentiments expressed by Lieut.-Governor Richards in regard to railway matters, in his reply to the address from citizens of Yale a few weeks ago. The Premier informed the deputation that the government had not seen the reply until it was published, and did not indorse the governor's views; also that the government had not received any communication from the Canadian government, or sent any to it, regarding the railway difficulty since last session of House of Assembly. The deputation expressed confidence that the interests of the province are safe in the hands of the present government.

THE ELECTION IN DOUBT—THE PROBABILITIES.

The general result of the election is still in doubt, and the suspense is becoming painful. The list of doubtful States [illegible] longer instead of shorter as the re- [illegible] come in. South Carolina, with 7 electoral votes, which, until yesterday [illegible]noon, was counted as certainly Re- [illegible], is transferred to the doubtful [illegible], with the chances in favor of Til- [illegible] while North Carolina, heretofore set [illegible] sure for Tilden, with its 10 votes, [illegible] set over to the doubtful list, with probabilities apparently in favor [illegible]. Louisiana and Florida are still [illegible]led; and the Republicans are not [illegible] without hope of being allowed to [illegible] the 15 votes of Indiana and the 6 of Connecticut for their candidate [illegible] of diminishing, the uncertainty [illegible] since our last estimates.

THE FLORIDA KUKLUX.

The game by which the Kuklux of the South expect to secure control of the government, in case they cannot get hold of it by the constitutional means of an election, seems to have commenced. Dispatches announce that trains are attacked in Florida by armed bands for the purpose of destroying election returns. Fighting began yesterday. Until further particulars arrive it may be well to suspend judgment; the report may have been born of political excitment and fears of such conduct; or it may turn out that the disturbance has taken place, but has nothing to do with the election returns. But it is not outside the range of probability that this plan has been resorted to by the desperate Democrats. The popular vote of the State is counted by its executive officers, and upon their certificate the electoral vote is counted in Congress. The destruction of returns before they have reached the hands of the State executive officers might change the result in the State; but the chances would be against it unless the State officials were parties to the scheme, which, in the case of Florida, they can hardly be, as Governor Sterns is a Republicans. The destruction of the returns would not preclude an examination of the original poll books, and the destruction of both returns and original poll books would open the door to an inquiry, through oral evidence, as to what the vote was. The chances of success, therefore, are so small that, irrespective of other considerations, we should distrust the report on general principles. Still it may be true both as to the fact of the attack and as to its purpose. It may be the country is to be called upon again to maintain with arms the decision it has made with the ballot. We hope for the best, but if the worst come, the law-abiding, order-loving people of the country will not decline the issue.

The Latin race is noted for its capabilities in the way of revolutions. All that is nec[illegible]ary to make a revolution complete, especially in the western branch of that race, is for a prominent politician to issue a pronunciamento. So thoroughly have the rest of mankind become accustomed to their revolutions that their occurrence scarcely causes a passing remark. An instance of this sort lately happened in Santo Domingo, which attracted less attention than the breaking up of a Republican meeting in the South, or a strike of coal miners in Pennsylvania. On the 5th of October one Gon[illegible]les, an ex-President of the Dominican Republic issued a pronunciamento at the Capital. Espaillat, the then President, made no resistance. He was accompanied from his residence by the British Consul to the French Consulate, passing through the armed multitude, and not one shot was fired. The war schooner *Capotillo* sailed on the 7th for Mayaguez, in island of Porto Rico, where ex-President Gonzales is staying, to bring him to Santo Domingo. In the meantime a provisional government of six persons has been formed. The District of Samana and the Province of Seibo joined the movement in the city in favor of Gonzales. In the north matters continue complicated. Porto Plata is still in possession of the adherents of President Espaillat, and it is feared some disaster will occur before Gen. Laperon, commanding the place, will surrender to the new Government.

Much surprise has been expressed at the result of the election in Linn county. The Democratic majority in Linn has heretofore been not less than 250. Up to the day of the election the Democrats estimated their majority in the county from 250 to 300, and no Republican expected to have less than 200 majority to overcome. But the count shows a majority far below a hundred. On general principles this extraordinary loss is unaccountable. The explanation given us by a prominent gentleman of Albany, a Democrat, is that a great many Democrats in the county thought the Democratic candidate was the same individual who had the "late unpleasantness" with the Rev. Henry Ward Beecher, and they were unwilling to support a man for the Presidency who had so recently been mixed up in a domestic scandal. Whatever may be inferred from this as to the intelligence of the Linn county Democracy, their conduct speaks well for their moral sentiments.

Mention is made in the telegrams of a dispatch from Governor Sterns, which the New York *Tribune* "considers conclusive." It is not definitely stated what dispatch from Sterns is referred to, but it is presumed to be the Lake City dispatch, to the effect that Florida has gone Republican. This we infer from the fact that the *Tribune* insists that the Republicans have carried Florida. Governor Sterns, of that State, is a Republican himself, and unless he is in possession of particular facts which have not been made public, his opinion must be received with such allowance as is always to be made for party feeling in such matters. Still, it is but natural to suppose the Governor may possess better facilities for ascertaining the result in his own State than anybody else, with the exception of the Central Committees of the respective parties.

Dispatches were received here yesterday and the day before, by prominent Republicans urging them to take every possible precaution against frauds in counting the vote, as it was supposed Oregon's vote would be decisive of the result. In answer to these dispatches it was telegraphed back that no apprehensions need be felt on that score for the reasons, first, that the Governor and Secretary of State, of Oregon, were above tampering with the returns, and, second, that the Republican majority was so large as to make it impossible to change it by manipulation. It is something for Oregonians to be proud of that no frauds have been attempted, or suspected, in this exciting election.

DISASTROUS EFFECTS OF MODERN MAMMOTH ARTILLERY.—The *Pall Mall Gazette* says the inhabitants of the little town of Shoebury are at the present moment strenuous advocates for the substitution of arbitration for war. The eighty one ton gun has not been actually brought to bear upon them, but the damage it has indirectly inflicted on their dwellings is of a most serious nature. There is, it is stated, scarcely a building within a mile radius from the spot where the firing has taken place, which has not been damaged in window or ceiling.

So great has been the atmospheric disturbance caused by the interesting experiments with the gun that the compressed air in the cellar of a neighboring hotel has actually blown up one of the hearth-stones on the ground floor. Of course the owners of the damaged houses naturally look to the war office for compensation. England, they urge, with some show of [illegible], is not at war with Shoebury, and it is hard on that place that it should be the first to bear the brunt of the latest improvements in engines of destruction, which, moreover, they have been led to believe will never be required.

How far these arguments will be of avail with the authorities remains to be seen, but in the meantime a sergeant of engineers has been taking observations at the various houses. He does not seem to have brought any money with him, nor to have given even a hint as to his object, which may possibly be the utter demolition of the injured houses. His presence has, however, excited a gleam of hope, and it speaks well for the victims of these "Shoebury atrocities" that he was not detained as a hostage.

THE "OCEAN SPRAY."

In the U S district court yesterday a decree was entered in the case of the schooner *Ocean Spray* that libellants receive the amount of their claims as reported by the clerk of the court with 10 per cent added for currency and if the amounts are not paid within 10 days from the date of the decree then that *venditioni exponas* issue against the vessel that her tackle apparel and furniture be sold to pay the claims with costs also that the vessel remain in the custody of the United States marshal until she was sold

Since the *Ocean Spray* came to this port in custody of Deputy Collector Capt Woods she has been lying at anchor in the stream As the decree for forfeiture was dismissed the cargo is exempt from seizure The schooner has on board we understand about 40 tons of salt which was taken on when the vessel sailed from San Francisco Today the *Ocean Spray* will be hauled alongside the dock and the salt discharged Unless the claimant settle the claims against the vessel within the time specified in the decree the schooner will be sold to the highest bidder by the U S marshal She will not be sent to San Francisco to be sold The *Ocean Spray* was built at Humboldt Bay California, and formerly run between San Francisco and that place engaged in the lumber trade The vessel is probably worth $7 000 a sum which she will not bring under the marshal's hammer

"THREE ROUSING CHEERS FOR OREGON"

AN INTERESTING SOCIABLE—WITH SOME POLITICS MIXED IN FOR SPICE

VANCOUVER, Nov 9 1876

TO THE EDITOR OF THE OREGONIAN

The members and friends of the Methodist Episcopal church at Vancouver Rev R S Stubbs pastor held another of their interesting sociables last evening (Wednesday) at the residence of Capt I G Blake The evening was pleasant and the attendance was very large but the hearts of mine host and his estimable wife were sufficiently commodious All present realized a cordial welcome and a generous entertainment Despite the momentary suspense concerning the political issue of the hour the house was brightly illuminated and every room regaled the visitors by the chaste and abundant display of flowers culled from Mrs Blake's garden and arranged by her excellent taste We who are so recently from the "Old Granite State," could hardly believe our eyes and we spontaneously wished our New England friends could but see and enjoy these evidences that Vancouver is a splendid place to emigrate to

After the usual reception salutations and attempted condolences as we thought of the possible election of S J Tilden we were electrified by a communication received from Portland by our host reporting the probable election of R B Hayes From that moment everything went "gay as a marriage bell" Young and old grave and gay partook of the common joy Among the fathers present busily engaged discussing the situation we noticed S D Maxon John Jaggy H H Gridley and Mr I Sohns Among the young men who rejoiced over the report were Captain James Gray of the steamer *Vancouver* Byron Daniels Esq editor of the Vancouver *Independent*, Captain W H Smallwood of the land office and others Following this political "feast of reason and flow of soul" came the generous repast to which all did ample justice Interspersed were spirited songs and music by the numerous ladies present of these we may mention Mrs Colonel S H Weeks, Mrs John Jaggy and Miss Emma Stuart who presided at the organ At the close of the repast remarks were made by Rev R S Stubbs Capt Smallwood S D Maxon and H H Gridley which led to the appointment of a committee of three to report next week as to the feasibility and importance of organizing either a Young Men's Christian Association or a Young People's Library Association At the close of the meeting a collection of $21 50 was taken up to replenish the furniture at the parsonage.

Thus closed a very happy season, made especially jubilant by the three Republican electoral votes of Oregon As goes Oregon so goes the Union Surely we may truly say "Westward the star of empire takes its way

A MARRIAGE FEAST

PECULIAR RITES OVER AN ANTICIPATED WEDDING AT THE OVERLAND HOUSE

[From the S F Call]

John Raymond bell boy at the Overland House is a muscular youth as appears from testimony given in the police court yesterday during his trial for assault and battery Josie Hendricks a very stout blonde who is housekeeper at the Overland was to have been married last Tuesday night to Henry Brewer a black curly haired, middle aged man of slender build In room 207 a table had been spread for a feast and everything was in readiness for the wedding In the hurry of preparation Josie had forgotten to deliver the keys to the office clerk who during the course of the evening had occasion to use them He sent Raymond after them but that individual returned without them saying the housekeeper would not answer his knock at the door "You go back" said the clerk "and if no one answers you kick in the door for I must have those keys" In accordance with instructions received Raymond did kick in the door of the room in which Brewer and his fiancee were As soon as he entered Brewer asked him for an explanation whereupon he knocked Brewer down and then struck Josie in the eye Just at this moment Wm Woolf one of the lodgers happened along and remarked "It's a cursed shame to strike a woman like that" What occurred after this is best described in the words of Woolf "You see this ere young feller that was going to get married—let's see what's his name—never mind I can't call it now—he was a laying down on the floor as dead as a door nail for more nor a minnit and bleeding more nor any stuck pig you ever see when this man who is arrested struck the woman and I told him it was a cursed shame when he let me have it alongside of the jaw and for a little while I didn't know nothing but I must have got it pretty bad for look here Judge" said he pointing to his scalp wounds on the top of his bald head "them didn't get there by a man's fist" The office clerk testified that he went up stairs on being informed that there was a row and found everything in disorder In answer to a question he said that the marriage could not have taken place because the would be groom and bride were too drunk The court wished to hear what Josie Hendricks had to say about the matter but as she was not present she was brought in by virtue of a bench warrant She appeared on the witness stand with her left eye highly colored from the effect of the blow she had received the night before She gave such a disconnected and incomprehensive account of the fight that the court remarked that it was no use to examine her, as she was not in a condition to testify because she appeared to be still laboring under the effect of the liquor she had partaken of the night before The court fined her five dollars for contempt and ordered Raymond to appear for sentence

[illegible] the indications of a great general war [illegible], yet the Turks continue [illegible] and severely their Christian sub[illegible] so long complained of their cru[illegible] and abridgment of all political [illegible] leaves the main question not [illegible] but all the original grie[illegible] and the public mind is continued [illegible] state of things prevailing in great [illegible] or less affects their trade [illegible] and constantly tempts our people [illegible] of providing these anticipated [illegible] food and the munitions of war [illegible] New York under date of October

[illegible] exhibits now [illegible] change, [illegible] still gradually [illegible] as we [illegible] the general [illegible] for the [illegible] part very quiet, [illegible]

vices from Europe to hand have completely dissipated the flurry that prevailed in our breadstuffs market last week leaving this department of trade in a state of languor after the brief but rather severe feverish attack

Reports from the East indicate that the New York banks are sending currency freely to the West and [illegible] the [illegible] of legal tenders make [illegible] perceptible difference in the regular commercial supply. The commercial situation has undergone no apparent change though trade on the whole does not fulfill the favorable promise [illegible] at an early stage of the season. The leading cause of the dullness [illegible] is [illegible] which the vast amount of unproductive capital invested in railway stocks at 1 bond which pay no dividends [illegible] which is estimated by the conservative Boston [illegible] at the fabulous sum of fifteen hundred millions of dollars while the [illegible] in other unproductive interests [illegible] has been quite as much

Wheat Shipments

The wheat receipts at this points far this season reckoning flour are estimated by good judges to be about 1 000 000 bushels and the shipments hence amount to near 800 000 bushels leaving in store and on board vessels now landing about [illegible]00 000 bushels. The *Reporter* estimated the amount stored in the valley warehouses up to October 15th at 67 000 tons which if near correct will give a greater surplus for 1876 than Oregon has ever produced before but excellent judges consider the figures entirely too great as it is not at all probable that the surplus will come within a half or three quarters of a million bushels of being as large as in 187[illegible]

Domestic Produce

The wheat trade has shown rather less activity this week so far than last and as quotations by telegraph from Liverpool show some depreciation it is likely that no further revival will occur for a few days to come The prices of charters both here and at San Francisco are also reported rather weaker under the effect of the disappearance of the probabilities of any serious complication of affairs among European nations as well as the reports of a favorable prospect for the crop in England These facts have had the effect to lead many of the loading buyers here to put their offers down to $1 50 per cental, a rule which would be general in this place now, if present engagements did not urge some buyers on the market at slightly higher figures. The flour trade still continues very fair with slightly increased receipts and a moderate demand both for shipment abroad and for the local trade Oats are still in good demand and prices are well sustained, ranging according to quality from 45 cents per bushel for common to 50 cents for choice lots. Hay, mill feed etc are in liberal supply for the season and find ready sale at current rates with some tendency toward an advance for hay [illegible] to choice lots bringing $16 to $17 50 per ton. Provisions still continue to bear good prices and though some lots of new bacon have been received, the supply has not been sufficient to materially affect the market and buyers take all offering at quotations. Dairy products fruits and vegetables are unchanged as will be seen by our quotations below

OBJECTS.

This Savings Bank has been formed at the desire and under the auspices of thirty one gentlemen citizens of Oregon and Washington Territory who have become stockholders therein along with certain other gentlemen in Scotland to supply a want hitherto much felt namely an Institution where similar to those in California the working farming and other classes of Oregon and Washington Territory may from time to time deposit their various savings along with the Bank s own capital for investment in Oregon and Washington Territory [to which the Bank s operations are limited] secured from Mortgages over City Properties, Farming and other Lands for the purpose thereby of assisting to develop the industries of the North Pacific Coast.

The Bank's Directors and Officers in Oregon having had considerable experience in finance and real estate securities their policy will be to guard depositors' moneys and the stockholders' capital by loaning only on first class securities, high interest being a secondary consideration The Bank does not therefore seek to employ its funds in a commercial banking business, confining its operations strictly to those securities with which its Directors are familiarly acquainted such as real estate loans, advances on bonds, assignments and similar securities which are not fluctuating in value hence no loans will be made on Promissory Notes alone or Bills of Exchange and such like

Security to Depositors.

The security for repayment of Depositors' moneys is two fold

1st Not only the mortgages assignments bonds and other pledges on which the Bank s deposits are carefully loaned and the real estate secured there by which must be located in Oregon and Washington Territory; but also

2d The Bank s own $300 000 capital specially pledged for the safety of depositors, in order that all losses (if any) shall be made therefrom thus forming a double security for depositors' moneys.

No charge for entrance fee or pass books

Deposits received from $2 50 and upwards.

Rates of interest on application

Hours, from 9 A M to 3 P M
